

## Contents of *Scientia Horticulturae*, Volume 47

**VOL. 47 NOS. 1-2**

**JUNE 1991**

Curing, wash water chlorination and packaging to improve the post-harvest quality of <i>Xanthosoma</i> cormels	
R. Bikomo Mbonomo and J.K. Brecht (Gainesville, FL, USA) .....	1
The use of naphthalene acetic acid as a fruit growth enhancer in Satsuma mandarin: a comparison with the fruit thinning effect	
A.G. Ortolá, C. Monerri and J.L. Guardiola (Valencia, Spain) .....	15
Somatic embryogenesis and plant regeneration from protoplasts of 'Satsuma' mandarin ( <i>Citrus unshiu</i> Marc.)	
H. Kunitake, H. Kagami and M. Mii (Chiba, Japan) .....	27
The effect of chlorpyrifos on flower and fruit development in grapefruit, <i>Citrus paradisi</i> Macfayden	
N.G. Beck, M.L. Arpaia, K.J. Eckard, J.S. Reints Jr. and E.M. Lord (Riverside, CA, USA) .....	35
Relationships among germination, emergence and seedling development of muskmelon at low temperature	
M. Edelstein, H. Nerson (Haifa, Israel) and J. Kigel (Rehovot, Israel) .....	51
Honey bees placed under row covers affect muskmelon yield and quality	
M.M. Gaye, A.R. Maurer and F.M. Seywerd (Agassiz, B.C., Canada) .....	59
Effect of three systems and levels of irrigating apple trees	
A. Rumayor-Rodriguez and A. Bravo-Lozano (Calera, Mexico) .....	67
Cellulase activity in developing apple fruits	
F.B. Abeles and C.L. Biles (Kearneysville, WV, USA) .....	77
Post-harvest retention of the red colour of litchi fruit pericarp	
G. Zauberman, R. Ronen, M. Akerman, A. Weksler, I. Rot and Y. Fuchs (Bet Dagan, Israel) .....	89
Chemical analysis of the emblic ( <i>Phyllanthus emblica</i> L.) and its potential as a food source	
N.N. Barthakur (Bellevue, Que., Canada) and N.P. Arnold (L'Assomption, Que., Canada) .....	99
In vitro regeneration and micropropagation of <i>Aloe vera</i> L.	
S.C. Roy and A. Sarkar (Calcutta, India) .....	107
Adventitious shoot formation on ex vitro derived leaf explants of <i>Gerbera jamesonii</i>	
M. Jerzy (Bydgoszcz, Poland) and M. Lubomski (Lochowo, Poland) .....	115
Biomass and mineral nutrient partitioning in relation to seasonal growth of <i>Zantedeschia</i>	
C.J. Clark and H.L. Boldingh (Hamilton, New Zealand) .....	125
The effect of temperature, daylength and irradiance on the growth of mother plants of <i>Nephrolepis exaltata</i> (L.) Schott and on the subsequent growth in vitro of runner tip explants	
A.K. Hvoslef-Eide (Aas-NLH, Norway) .....	137

Mother plant temperature effects on growth of in vitro propagated daughter plants of <i>Nephrolepis exaltata</i> (L.) Schott	149
A.K. Hvoslef-Eide (Aas-NLH, Norway) .....	149
In vitro storage of multiple shoot cultures of gingers at ambient temperatures of 24–29°C	
A.J. Dekkers, A.N. Rao and C.J. Goh (Singapore) .....	157

#### Short Communications

Preliminary evaluation of new banana cultivars for the Canary Islands	
V. Galan Sauco, P.M. Hernandez Delgado and J. Cabrera Cabrera (Tenerife, Spain) .....	169
Induction of bitter pit in apple	
G.W. Witney, M.M. Kushad and J.A. Barden (Blacksburg, VA, USA) .....	173

VOL. 47 NOS. 3–4

JULY 1991

Comparison of several organic amendments with a chemical fertilizer for vegetable production	
C.R. Blatt (Kentville, N.S., Canada) .....	177
Growth and yield of snap bean under cold conditions as affected by growth regulators and pinolene	
S.F. El-Sayed (Giza, Egypt) .....	193
Optimisation of storage conditions for 'Shogun' broccoli	
A. Klieber and R.B.H. Wills (Kensington, N.S.W., Australia) .....	201
Fluid drilling as a delivery system for somatic embryo-derived plantlets of carrot ( <i>Daucus carota</i> L.)	
S.L. Kitto, W.G. Pill and D.M. Molloy (Newark, DE, USA) .....	209
The effect of mechanical stress on transplant growth and subsequent yield of four cultivars of cucumber	
J.G. Latimer (Griffin, GA, USA), T. Johjima and K. Harada (Kagoshima, Japan) .....	221
Effects of manures and fertilizers on asparagus yield, fern mineral content and soil fertility	
P.R. Warman (Truro, N.S., Canada) .....	231
Effect of pruning on fruitset and shoot growth of 'Packham's Triumph' pear trees	
R.C. Saunders, G. Jacobs and D.K. Strydom (Stellenbosch, South Africa) .....	239
Effects of growth regulators on growth and fruiting of own-rooted 'Golden Delicious' apple trees	
G.L. Steffens, F.W. Jacobs and M.E. Engelhaupt (Beltsville, MD, USA) .....	247
Effect of light intensity and CO <sub>2</sub> enrichment during in vitro rooting on subsequent growth of plantlets of strawberry, raspberry and asparagus in acclimatization	
F. Laforgue, C. Lussier, Y. Desjardins and A. Gosselin (Quebec, Que., Canada) .....	259
Chilling requirements of hazelnut cultivars	
S.A. Mehlenbacher (Corvallis, OR, USA) .....	271
Growth and water use of young, closely planted peach trees	
P.D. Mitchell, A.M. Boland, J.L. Irvine and P.H. Jerrie (Tatura, Vic., Australia) .....	283
Physiological responses and quality attributes of peaches kept in low oxygen atmospheres	
D. Ke, L. Rodriguez-Sinobas and A.A. Kader (Davis, CA, USA) .....	295
Effects of NaCl on growth and physiology of sour orange and Cleopatra mandarin seedlings	
M. Zekri (Sousse, Tunisia) .....	305

Effect of preharvest application of GA <sub>3</sub> on postharvest behaviour of mango fruits S.E.S.A. Khader (Lucknow, India) .....	317
Plantlet formation from cultured stem segments of <i>Podocarpus macrophyllus</i> H. Daimon and M. Mii (Chiba, Japan) .....	323
Distribution of amino-oxyacetic acid in cut carnation flowers after pretreatment H. Harkema, M.W.C. Dekker and M.L. Essers (Wageningen, Netherlands) .....	327
Techniques for propagation and breeding of kakrol ( <i>Momordica dioica</i> Roxb.) M. Ali, H. Okubo, T. Fujii and K. Fujieda (Fukuoka, Japan) .....	335
<b>Short Communication</b>	
Variation in adventitious root formation of softwood cuttings of <i>Rosa chinensis minima</i> (Sims) Voss cultivars L.A.M. Dubois and D.P. de Vries (Wageningen, Netherlands) .....	345
<b>Author Index</b> .....	351
